

INTOUCH WITH TOMORROW

# POORNIMHAA & CO.

## INTRODUCTION

We are a professionally managed innovative company, which brings forth 25-years of expertise and experience, handling various types of Self Loading Mobile Concrete Mixers, Batching Plants, Transit Mixers along with the capability to handle the sales and services across Pan India.

## THE SCOPE

Our scope has been to handle the services of the equipment, with an attempt to service the equipment as a one-stop solution, which includes the servicing and overhauling of Self Loading Mixers, Transit Mixers and many other equipment. Our endeavours have been to bring about a strong network of sales and reconditioning of the machines.

### The Technical Innovators for the Next-Gen Concrete Solutions

We make attempts to enhance your production endeavours, through a range of precision-yet highly manoeuvrable devices and machines, which are prolifically designed to meet today's industry standards and which brings both quality and performance. Poorimhaa & Co, is headquartered Hyderabad, and having its service extended to Telangana, Karnataka & Tamil Nadu.

### Poornima & Co, the enterprise you can trust for quality

The principal focus of the company has been towards quality, cost effectiveness and indeed meeting the expectations and mandates of the customer all the time. We make attempts to enhance your production endeavours, through a range of precision-yet highly manoeuvrable devices and machines, which are prolifically designed to meet today's industry standards.

## FROM THE CEO'S DESK

I take the opportunity to thank our valued customers towards their endeavour of trusting us, for the quality delivery and the best of services rendered to them, and which has been there to create a value for their investment.

We have been constantly focusing on customizations of the products and services, and by doing so, we have achieved the goal of attending to specific details of the customer. We always work towards interacting with our customers all the time and making humble attempts to understand their needs and endeavours.

## QUALITY POLICY

Quality Policy has been the dogma for Poornima & Co, and we bring more various stages which define the quality methods for the products which are defined for both for post-sales services and general services

## THE TECHNICAL TEAM

Our strength today is our technical team who have experience handling various equipment, and have adaptability for the extreme customizations that happen with evolving technology. The team have been innovating and updating themselves with reference to the equipments and work towards problem resolution in a less turn-around-time (TAT)

INTOUCH WITH TOMORROW

## OUR SERVICE ENDEAVOURS THAT WE UNDERTAKE:

### Health-Checks:

We regard healthcheck as one of the integral components, and consider it important in order to bring about optimal functioning of the equipment, which indeed helps to bring about long-term equipment benefit

### Breakdown Repairs

We know the importance of breakdown and the downtime it takes to bring back the equipment back to normalcy. We have skilled engineers who understand the breakdown and the reasons for breakdown. They in turn become equipped with necessary repairs of components and make it functional again.

### Refurbishment and Overhauling

We take pride in having a state-of-the-art service capability, which takes a comprehensive care of the equipment towards both repairing and service. Apart from this we also get into a comprehensive overhauling of the equipment, with respect to overhauling major assemblies, hydraulic pumps & motors, cylinders, gearbox etc.

### Annual Maintenance Contract (AMC)

In order to define the best of service and overhauling. We help the customer with Annual Maintenance Contract (AMC) where we deploy the service engineers to the the site and service the equipment on a periodic basis

**Note: Needless to mention, the service is carried out with stringent specification norms**

## SPARES SUPPORT

- We carry out the spares support for the customers and ensure to help the customers with original & genuine spare parts of the equipment.
- We have specific catalogues, for spare parts which helps us to identify the type of equipment.
- We make a perfect-fit for spares, in order to have a perfect-fit for equipment.
